## Department News

Dr. Kenneth Bollen, a H.R. Immerwahr Distinguished Professor of Quantitative Psychology, was recently recognized for serving as the Chair of the National Science Foundation (NSF) Directorate for Social, Behavioral, and Economic (SBE) Sciences Advisory Committee. The SBE sciences focus on human behavior and social organizations and how social, economic, political, cultural, and environmental forces affect the lives of people from birth to old age and how people, in turn, shape those forces. The SBE Advisory Committee meets to provide advice, recommendations, and oversight to the Directorate concerning support for research, education, and human resources. Members represents a cross section of social, behavioral, and economic sciences and many different subdisciplines within those fields, including industry. Dr. Bollen served as a member of the committee from 2012 to 2018 and as Chair from 2016 to 2018 and was recognized for outstanding service and dedication to the field by Dr. France Cordova, Director of NSF, and Dr. Arthur Lupia, Assistant Director of the SBE Sciences Directorate. Congratulations, Dr. Bollen!

Sarah Owens, a graduate student in Clinical Psychology, was selected to serve a two-year term as Student Representative for the Council of University Directors of Clinical Psychology (CUDCP). Sarah is serving as one of two CUDCP student representatives and is tasked with providing a graduate student perspective on student experiences, opinions, and concerns to the CUDCP Board.

## *News, continued.*

Dr. Mitch Prinstein, Van Seters Distinguished Professor of Clinical Psychology, is the recipient of the 2019 Beverly Thorn Award for Outstanding Service. The Thorn Award is administered through the CUDCP. Consistent with the example set by Dr. Thorn, outstanding service involves the development of innovative ways to build and measure program quality, a record of achievement in assuring good outcomes for graduates of the program, contributions to the community of DCTs through attendance, participation, and contributions to the life of the CUDCP, and principled advocacy for the scientist-practitioner philosophy of education and training at the local, state, and national levels. Dr. Prinstein was selected for his outstanding service as our Director of Clinical Training from 2006 to 2018. He was honored with the Thorn Award during the 2019 CUDCP Mid Winter Meeting in New Orleans, January 18-19.

Dr. Adam Miller, a Research Assistant Professor of Clinical Psychology, was named a 2018 Association of Psychological Science (APS) Rising Star. The APS Rising Star designation is presented to outstanding APS members in the earliest stages of their research career post-Ph.D. Drawing its name from an Observer editorial series that featured exemplars of the exciting work being done by the field's newest researchers, this designation recognizes researchers whose innovative work has already advanced the field and signals great potential for their continued contributions. Dr. Miller was selected for his promise of excellence in research, as evaluated by his significant publications, recognitions, theoretical and empirical contributions, and his work with a potentially broad impact.

Stephanie Salcedo, a graduate student in Clinical Psychology, is the 2018 recipient of the UNC Graduate School Initiative for Minority Excellence Doctoral Candidacy Award. The Initiative for Minority Excellence (IME) focuses on the retention and the successful graduation of our racially/ethnically diverse graduate students through creating a Community of Excellence. The Community of Excellence consists of a cohesive and supportive network that provides programming opportunities and peer mentoring, focused groups in safe spaces for support and encouragement and resources that impact retention and time to degree. The IME Doctoral Candidacy Award is a non-service award in the amount of \$5,000 to support the retention and successful graduation of underrepresented minority students. Chancellor Folt provides funds in support of this award to make a significant investment in the lives of IME scholars. Congratulations, Stephanie!

Henry Willis, a graduate student in Clinical Psychology, was selected as a Faculty First-Look (FFL) Scholar at New York University. New York University invites talented scholars of color and others underrepresented in the Academy who are completing their Ph.D., Ed.D., or other relevant terminal degrees. The FFL program provides a glimpse into what it takes to prepare for future faculty careers, particularly in disciplines and fields represented within the NYU Steinhardt School of Culture, Education, and Human Development. NYU Steinhardt uniquely integrates education, communication, health, and the arts with 11 departments, 17 research centers and institutes, 292 full-time faculty, and almost 7,000 students. FFL participants will have the opportunity to engage with NYU deans, faculty, and postdoctoral fellows to learn how to prepare for the faculty recruitment, application, interview, and selection process, deliver an effective job talk, cultivate job prospects, negotiate job offers, use digital/social media platforms to increase scholarly visibility, and formally and informally network and present their scholarly work.
