## *Department News*

Dr. Keely Muscatell, Assistant Professor of Social Psychology, is the inaugural recipient of the Ann Rankin Cowan Excellence Award for High-Impact Research in the Department of Psychology and Neuroscience. The aim of this \$20,000 Ann Rankin Cowan Excellence Award is to provide a faculty member with seed funding to launch the innovative and meaningful early-stage research necessary to apply for external funding, thereby supporting research that can ultimately translate into clinical applications and therapeutic treatments for society. This award is made possible through the generous support of Ann Rankin Cowan (Psychology '75). Dr. Muscatell was chosen as the inaugural recipient for her compelling work at the intersection of social neuroscience and health, which has tremendous potential for original and high impact contributions to the field of psychology and neuroscience. Congratulations, Dr. Muscatell!

Dr. Viji Sathy, Teaching Associate Professor, has been selected as a fellow for the 2020-21 class of the Academic Leadership Program (ALP) in the Institute for the Arts and Humanities (IAH). The IAH helps prepare and support current and emerging leaders through a yearlong program. Eight fellows are selected annually to engage in a series of activities to help them develop leadership skills, clarify their career commitments, build a leadership network within the campus, and extend their contacts to other leaders beyond the University. A flexible use stipend of \$5,000 is provided for each participant. Once appointed, fellows join an expanding community who receive ongoing support from their new network of colleagues. Congratulations to Dr. Sathy for joining the ALP Class of 2020-2021!

## *News, continued.*

Dr. Linda Dykstra, Adjunct Professor, and Co-Principal Investigator of the Seeding Postdoctoral Innovators in Research and Education Program, is the recipient of the American Society for Pharmacology and Experimental Therapeutics' (ASPET) 2020 P.B. Dews Lifetime Achievement Award for Research in Behavioral Pharmacology. The ASPET Division for Behavioral Pharmacology sponsors the P.B. Dews Award to recognize outstanding lifetime achievements in research, teaching, and professional service. The award is presented biennially during the ASPET Annual Meeting and consists of a \$1,000 honorarium, a commemorative plaque, travel stipends, and an invitation to deliver a special lecture during the meeting. Dr. Dykstra was selected for her innovative, outstanding lifetime achievements in behavioral pharmacology research and her strong commitment to the teaching and mentoring of younger scientists. Dr. Dykstra's research focused on the behavioral effects of opioid analgesics. She has been on the faculty at UNC Chapel Hill her entire career, where she served as Dean of the Graduate School, a William Rand Kenan Jr. Distinguished Professor in the Department of Psychology and Neuroscience, and a jointly appointed member of the Department of Pharmacology. Congratulations, Dr. Dykstra!

Dr. Donald Lysle, Kenan Distinguished Professor of Behavioral and Integrative Neuroscience, and Dr. Todd Thiele, Professor of Behavioral and Integrative Neuroscience, are the recipients of a 2020 National Institute on Alcohol Abuse and Alcoholism (NIAAA) R21 grant. The Exploratory/Developmental Research Grant Award is intended to encourage exploratory/developmental research by providing support for the early and conceptual stages of project development. Drs. Lysle and Thiele received a total award of over \$408,000 (over two years) for their project, "A Role for IL-1 Beta in Ethanol Withdrawal-Induced Increase of PTSD-Like Phenotype."

Ann was presented with a gift of thanks on behalf of the faculty for her generous support to the Department for the Ann Rankin Cowan Lecture series and the newly created Ann Rankin Cowan Excellence Award for High Impact Research.

## LVJ Visiting Academic Scholar

The Thurstone Psychometric Lab is pleased to announce the Lyle V. Jones Visiting Academic Scholarship Program. Dr. Jones dedicated more than 50 years of his life to the Thurstone Lab and, upon his passing, provided financial support for quantitatively-oriented researchers and academicians to visit as guests of the Thurstone Lab.

Visitors must be at least 5-years post Ph.D. and can be working in a wide range of settings. Stays can be as short as four weeks and as long as a full academic year. Visitors receive up to \$2,000 per month to help offset living expenses.

Visitors will be provided with office space and computing support and the key expectation is that the individual be in some way actively involved in the intellectual community of the Thurstone Lab.

Applications for Fall 2020 are due March 1; applications for Spring 2021 are due August 1.
